

PROJECTNEWS 2024

BANGLADESH, SUKP € 6.000

The day-care for different abled children is running very nicely. Because of the extreme heath this year they benefitted a lot from the solar panels, the invertor and the fans. The contact is good and regularly, with a monthly video call. Together we are brainstorming about ways to create self-sustainability. The aim is to reach this in 5 years. SUKP is also very enthusiastic about the physiotherapy lessons for teachers and guardians, so this is something we really want to continue.

Kohinoor gets physio

Our co-operation with SPOT-Atelier in Alkmaar, who supports a similar group of people is very nice. The participants are very interested, have many questions and are very willing to support SUKP. Like last year they allocated the tip-jar for SUKP again! Also, for the second time, one neighbor in our street organizes a traditional doughnut sell on new-year's eve with the benefit for SUKP.

BANGLADESH, SCSP € 1.600

We still support 6 Sun Children, to help them finish their secondary school. Lamia has her HSC now! She turned 18 last February. We are proud to have made this possible. Golapi is in grade 10, Sabrina and Kasfia are in grade 9. Eti en Morium in grade 8.

NEPAL, STEPPING STONE € 1.200

We sponsored 5 students this year: Daroga is approved for medicines and registered for a scholarship; Rinky achieved her HSC and does her entrance exam for University; Rahul is in grade 12 Communication Technic. All 3 are in contact with us. Rashmi said, also Ram Binaye is doing well. Preety has problems at home and stopped her study for the moment. We are waiting for the official report of Rashmi.

NEPAL, SATHYA UDDHYAN € 180

In February we visited the school and shared snacks, dance and theater with the children, followed of course with a lesson in tooth brushing! Begin October we received message that, through heavy rains in Nepal, there was also quite some damage at the SU-school. Recently planted trees were unrooted and the foundation has a sink-hole. For repairs and a reinforcing wall € 4000, - is needed.

Daroga

BOLIVIA, LA ALDEA € 100

Our donation of € 2000, - of last year was transferred to the wrong bank-account and has been used to renovate a kindergarten in La Paz. They fixed the error and by now the same amount went to Cochabamba. It shall be used for Christmas clothes for the children of former La Aldea. Next to our earlier donation of € 100, - a small amount will be reserved for the treatment of 2 girls with severe burns.
